

President's Message

The NJ Chapter Executive Committee wants to wish all our members a Happy, Healthy, and Prosperous New Year! We hope that you had a wonderful holiday season.

In December we had our Past President's Meeting. This meeting is a chance for all to unwind from a busy year, network with other members, remember the history of our chapter, and most importantly, eat some good food. This year's meeting was no different. Held at Maggiano's Little Italy, in Bridgewater, we had many past President's in attendance. The food was great and atmosphere was joyous. Thank you to all the members in attendance that brought new toys for Toys for Tots and stuffed animals for Hugs for Bears. Our Chapter was able to give back to the community and help under-privileged children and children in the hospital for the holidays.

I recently appointed a nominations committee, as required in our By-Laws. This committee will be calling for nominations for the elected officer position of Secretary. More information will be coming shortly from George Olsen, Past President and Nominations Committee Chairperson.

As I mentioned in my last newsletter, our January meeting venue had to be changed. The January meeting will now be held at the Bayway Training Center in Linden on January 15. This will be an afternoon meeting. The meeting topic will be "Contractor Foreman Assessment- Setting Safety Performance Expectations for contractors in an industrial setting". Details of the meeting are below. Registration will be open on the website shortly.

John Vogler, CSP
President, New Jersey Chapter
American Society of Safety Engineers
